

Athens, December 7th 2010

Dear member of the Greek Tufts Community,

I am glad to announce that we have successfully completed the elections process and we have a great new board. I want to thank the previous board for their help and support in our club's activities during the past two years.

For the following two years, we plan on hosting 2-3 events per year. The nature of the events will be professional, educational, and entertaining! The aim of the events and the gatherings is to bring the Greek Tufts Community Members closer to each other and to form tight bonds both in friendship and in the professional field.

We plan on utilizing our website more actively and for this purpose, we welcome your opinions. The url is www.tuftclub.gr . If you haven't registered please do so – it helps us in our communication work. In the website you will find pictures from the events, our club's documents and useful links. The field called "jobs" has an aim to promote job postings within the Tufts Community. The postings may be from non Tufts employers or from Tufts Alumni. Web ads (banners) are also welcome with a low fee that will help out in our clubs' financials. We would happily promote within the Tufts community through our website and email list any personal achievement, professional or personal event that you would like to share with the rest of your fellow Greek Tufts alumni.

We want to cooperate with other American Universities' Associations in hosting joint events for educational, professional, charity, and fun purposes.

The board and I welcome all Tufts Alumni from all the schools to join us in our next events and participate in our future activities.

Thank you,

George Papanikolaou ('02 ENG)

President
Tufts Alumni Association of Greece
